Daniel commenced working for SV Partners as a graduate accountant in January 2012 as part of our team in Brisbane. Daniel relocated to our Sunshine Coast office in March 2013 and he now leads a team specialising in corporate and personal insolvency administrations.

Daniel prides himself in explaining the roles and obligations imposed by legislation and Regulators to clients who are unfamiliar with the industry. This includes clearly defining complex insolvency procedures, advising of the impact of these procedures on personal circumstances and working with clients to find a solution to their financial situation.
