- ▶ City Construction Qld Pty Ltd (Receivership) – 10 October 2006

Appointed Receiver in February 2006. The company was developing a block of 7 units in Toombul. Works were 45% complete. As receiver, I co-ordinated completion of the works (approx. \$900k to complete), realised the 7 units and paid out the financier.

- ▶ Queensland Subdivision Pty Ltd (Liquidation) – 11 June 2002

Appointed Liquidator of developer because of shareholder dispute. Company owned partly developed property at Mango Hill. Mediated dispute and subsequently sold property to another developer for \$20m +.

- ▶ Project Realty Group Pty Ltd – 28 July 2008

Appointed as Provisional Liquidator and subsequently Liquidator to a Company that had developed 3 commercial properties in Carole Park and Willawong, valued at approximately \$5m. Appointment was instigated by a shareholder dispute.

Properties were realised, financiers and unsecured creditors paid out and surplus distributed to shareholders.

- ▶ Project Constructions Qld Pty Ltd – 23 March 2001

Similar to CMC. Appointed Provisional Liquidator and then Liquidator. Company had a number of projects on the go at time of appointment. Approximately 4 projects partly completed with an estimated cost to complete of \$10m. After obtaining QBCC approval, we co-ordinated the appointment of an alternative builder and over-saw completion of works, repayment of financiers and profit-share between builder and Liquidator (as there was a surplus upon completion in some of the contracts).
