Peter's 20 plus years' of experience in the management of both formal and informal insolvency appointments means that he has an expert knowledge of all aspects of corporate and personal insolvency administrations.

Clients are assured the best result when they work with Peter. His specialised knowledge means he can provide the right business and financial advice, maximising results for all clients and stakeholders.

Peter has extensive experience in advising financially distressed clients and stakeholders across a broad range of businesses and industries in all facets of both corporate and personal insolvency, including restructuring, business workouts and debt negotiation.

He endeavours to help ease client pressures during times of uncertainty. He is able to quickly identify problems, but more importantly, he has the experience and ability to find practical and cost-effective solutions.

### Experience
